

SHREE RV ENTERPRISES

Design – Engineering – Manufacture – Supply – Install

Company Overview

Shree R.V. Enterprises (SRVE) is a 16 years old premier provider of labor and executive campsite solutions, specializing in state-of-the-art portable cabins, prefabricated engineering structures, and essential on-site amenities.

Designed to address the unique challenges of remote and rugged locations, our solutions are tailored to ensure maximum comfort, efficiency, and operational success.

OUR BUSINESS

Portable Cabins

Our portable cabins are designed to serve a wide array of purposes, from living quarters to offices, ensuring comfort and utility in remote settings:

- **Executive Cabins:** Luxuriously furnished spaces equipped with air conditioning, ergonomic furniture, and communication systems.
- **Labor Accommodation:** Cost-effective and robust cabins built for durability and functionality.
- **Multi-Purpose Cabins:** Versatile designs for applications such as meeting rooms, storage units, or guard posts.

Prefabricated Engineering Structures

We provide prefabricated solutions that are easy to assemble and dismantle, minimizing downtime while maximizing utility:

- **Office Structures:** Spacious and well-equipped units for administrative functions.
- **Dining Halls & Kitchens:** Hygienic and efficiently designed spaces for catering services.
- **Recreational Spaces:** Relaxation zones equipped with entertainment options for staff and executives.
- **Warehouses & Storage Units:** Secure and weather-resistant spaces for equipment and materials.

OUR BUSINESS

Campsite Amenities

Enhance productivity and comfort at remote sites with our comprehensive range of amenities:

- **Utility Systems:** Reliable power generation, water supply, and waste management solutions.
- **Sanitation Facilities:** Portable toilets, shower units, and sewage treatment plants.
- **Security Systems:** Surveillance cameras, fencing, and guard posts for safety.
- **Recreational & Medical Units:** Spaces equipped with health facilities and leisure options for well-being.

End-to-End Campsite Management

We take the hassle out of managing remote site operations with a holistic approach:

- **Site Planning:** Optimized layouts for efficient use of space and resources.
- **Installation Services:** Professional assembly and commissioning of all structures and systems.
- **Logistics Support:** Transportation and supply chain management for seamless operations.
- **Maintenance & Upgrades:** Regular servicing to ensure long-term performance and adaptability.
